Notes for Employers:

- Certification level and eligibility vary by program and are set by the respective credentialing bodies. Levels shown here indicate typical experience profiles of successful candidates, but actual eligibility is based on education, work history, and technical exposure.
- Blazeprep helps you assess team readiness and align roles with the right certification paths.
- All certifications are independently governed, globally valid, and non-vendor-dependent.
- Blazeprep provides credential selection support but does not deliver exams or certify candidates.
